Objective

Self-taught UX/UI designer passionate about creating intuitive and visually appealing user interfaces. Eager to leverage my design skills and creativity in a dynamic environment to contribute to impactful projects. Seeking opportunities to grow and refine my abilities while delivering exceptional user experiences.

Skills

- **UI/UX Design:** Wireframing, Prototyping, User Research, WireFraming, Usability Testing
 - **Design Tools:** Figma, Photoshop, Illustrator
 - **Web Technologies:** HTML, CSS, React,
 - **Soft Skills:** Creativity, Problem-Solving, Collaboration, Time Management
-

Projects

[LMS - the Learning Management System](#)

Figma

Key Features:

- **User Dashboard:** A personalized dashboard for users to view their courses, progress, upcoming assignments, and notifications.
- **Course Management:** Tools for instructors to create, organize, and manage courses, including modules, lessons, and assessments.
- **Interactive Content:** Support for various types of content, including text, video, audio, quizzes, and assignments to enhance learning experiences.
- **Progress Tracking:** Features for tracking student progress, including completion rates, grades, and time spent on each module.
- **Assessment and Quizzes:** Tools for creating and managing quizzes, assignments, and exams, with automated grading and feedback.
- **Communication Tools:** Built-in messaging and discussion forums for students and instructors to communicate, ask questions, and collaborate.

- **Certification and Badges:** Automated generation of certificates and badges upon course completion or achievement of specific milestones.
- **Mobile Accessibility:** A responsive design or dedicated mobile app to ensure users can access their learning materials from any device.

Secure Payments Landing Page Design

Figma

Key Features:

- **Hero Section:** A prominent hero section with a compelling headline "Make your Payments More Secure" and a subheading to explain the service briefly.
- **Call-to-Action (CTA):** A clear and noticeable "Get Started" button to encourage user engagement.
- **Navigation Bar:** A navigation bar at the top with links to essential sections like "How it Works," "Payment," "Help," "Blog," "Sign Up," and "Login."
- **Visual Elements:** Use of 3D illustrations of credit cards and a lock to visually represent secure payments.
- **Design Aesthetics:** Clean, modern design with a minimalist approach, ensuring the focus remains on the key message and CTA.

Coca-Cola Product Landing Pages

Figma,Photoshop

Key Features:

- **Consistent Branding:** Both pages maintain a consistent Coca-Cola branding while highlighting the unique aspects of each product.
- **Hero Section:** Prominent display of the Coca-Cola cans with supporting visual elements to attract attention.
- **Navigation Bar:** A simple navigation bar with links to "Our Products," "About Us," and "Online Store" for easy navigation.
- **Visual Contrast:** Use of color contrast to differentiate between the classic Coca-Cola (red) and Coca-Cola Zero (black), reinforcing their individual identities.
- **Modern Design:** Clean and modern design with appropriate use of typography and spacing to enhance readability and user experience.

Education

- **B.E in Computer Science** *East West Institute of Technology, 2022*

Certifications

- Coursera - Foundation of User Experience
- CodeAcademy - Introduction to UI and UX Design
